

**Dear Prospective Business Partner,**

The Wildomar Community Council is a Nonprofit 501(c)(3) organization that has been active within the community for over 7 years. Our main purpose is to promote the common interest and public welfare for the residents of the City of Wildomar.

For the first six years our focus has been on providing education for the incorporation efforts that were passed in January of 2008. With that goal being met we have redefined our mission to *“provide the residents with resources and services that promote the common interests and welfare of community members”*.

Last October we organized and promoted Wildomar’s Inaugural Street Fair and Car Show to raise money to help feed families in need. Our goal was to obtain enough funds and contributions to provide food for 1000 meals to our local food bank. With the help of the business community and residents the event far exceeded any expectations. We were able to provide more than 1000 meals from the donations received the day of the event. After expenses we were also able to provide a food donation delivery of over \$1200 worth of canned food goods as well as another \$450 in gift cards for the seniors at Thanksgiving. Even with existing government programs, today’s economic times have seen a great increase in the need for more services, not only for Wildomar but for the entire valley. One of our long term goals is to expand H.O.P.E. by adding a local food distribution center here in Wildomar. To achieve our objective we rely on community interaction, donations and sponsorships and we are going to need the help of the entire community
